“I GET IT”

Always putting work in I can't stand to waste my time.
Sipping on this liquor think I'm bout to lose my mind.
Hold on relax OK I'm back.
Counting all this money while I'm blowing on that thrax.
I get it I get it I get it I get it.
I get it I get it I get it I get it I get it.
Hold on relax hold on relax.

Black flag on the track again yea I'm back to trafficking.
Shitting on these niggas like I took a dozen of laxatives.
Yea I'm laid back but I'm working so no relaxing here.
Magician to them purppers them purppers I make them disappear.
Yea shit crazy dont shit phase me.
I only spit crack should of been born in the eighties.
She throwing it back I'm going strong in your lady.
I know that you hate me but its how god made me.
Sicker than all them niggas I know they can't contest.

If pack looking short fuck it ima make it stretch.
I know that my army strong I'm feeling like a vet.
You got it I want it nigga I'm thinking like finesse.
No stress blowing on that pressure til my mind gone.
Shorty got an apple i want it just like an iphone.
Don't care if I got it I'm stretching it like nylon.
Fuck that reckless spending I'm saving that for when I'm on.
